

# **I-15 CORE in Spanish Fork**

**Posted: Thursday, August 12, 2010 12:03 am | No Comments Posted**  
**Daily Herald**

Construction activities planned for the coming week follow. Nighttime lane restrictions are possible from 9 p.m. to 5:30 a.m. Monday through Thursday, from 10 p.m. Friday to 7:30 a.m. Saturday and from 10 p.m. Saturday to 11:30 a.m. Sunday.

All construction activities are subject to change.

## **Upcoming Construction**

### **Activities**

2000 West in Springville (Frontage Road): Aug. 9, the second closure on the Frontage Road, at Packard Drain just north of 500 North, is scheduled to begin and will continue for approximately one month. Motorists can use 500 North to 2250 West to 800 North as an alternate route. The Frontage Road is also closed at Hobbie Creek. Motorists wishing to access 2000 West should proceed to S.R. 77 (exit 260).

Spanish Fork Main Street: Aug. 23-24, Main Street is scheduled to be closed in both directions at I-15 from 9 p.m. Monday to 5:30 a.m. Tuesday while crews place girders (beams) over Main Street. This closure will be in place for pedestrian and motorist safety.

The public is advised to use 900 North to 300 West to 1600 North as an alternate route. Additional nighttime closures of Main Street are anticipated for the last week in August and in early September.

300 West in Spanish Fork: Monday, Aug. 16, 300 West is scheduled to be closed from 7 a.m. to 5 p.m. while crews place girders (beams) over 300 West. Motorists and pedestrians are advised to use 1600 North or 800 North to Main Street as an alternate route.

This closure will be in place for pedestrian and motorist safety.

## **Ongoing Construction**

### **Activities**

I-15 between University Parkway and Spanish Fork Main Street: Through August, nighttime hauling, embankment work, retaining wall installation, barrier removal, paving, asphalt removal and other work continues along the shoulders and median of I-15. Motorists can expect intermittent single-lane restrictions at night near University Parkway in Orem.

Local residents should expect noise and possible vibrations associated with trucks and other heavy equipment working nearby.

I-15 between 400 South in Springville and 2700 North in Spanish Fork: Crews are working within the median of I-15 between 2700 North in Spanish Fork and 400 South in Springville.

Please be aware that trucks may be entering and exiting the work zone in this area. Please obey traffic laws and do not follow trucks too closely.

2700 North in Spanish Fork: The bridge over I-15 is closed for reconstruction. Ongoing

superstructure work is underway.

Work will continue through the end of 2010. Motorists should use 2550 West (Spanish Fork Main Street) or state Route 51 to access 400 South in Springville.

I-15 ramp to U.S. Highway 6 ramps: Drainage installation and subgrade work continues along the northbound shoulder of I-15 and the off-ramp to U.S. 6. Crews will be working in this area 24 hours a day, six days a week.

I-15 will be restricted intermittently from 9 p.m. to 5:30 a.m. Monday through Thursday and from 10 p.m. Friday to 7:30 a.m. Saturday. Motorists should anticipate minor delays.

Construction schedules are subject to change due to situations such as inclement weather, construction delays, equipment issues and other emergencies.
